

PRESS RELEASE

Date: 23rd January 2017

FERMANAGH & OMAGH DISTRICT COUNCIL IS OFFERED £2.6 MILLION WORTH OF EU FUNDING TO HELP BUILD POSITIVE RELATIONS

Approximately £2.6 million worth of funding under the European Union's PEACE IV Programme has been offered to Fermanagh and Omagh District Council.

The funding will be used to support a number of locally-based projects and initiatives that will promote positive relations between people from different communities and backgrounds.

It will result in an increase in the percentage of people who think relations between Protestants and Catholics have improved and an increased cultural awareness of minority ethnic communities.

Fermanagh and Omagh District Council will be responsible for the delivery of a 'PEACE Action Plan' focused on three key areas: 'Children & Young People'; 'Shared Spaces and Services' and 'Building Positive Relations'.

The support will be used in the delivery of local community initiatives for children and young people involving sports, arts, culture and language. It will help make public space in towns and villages more inclusive and facilitate programmes for shared space.

The funding will also be used to assist conflict resolution activities at a local level to encourage positive interaction between residents and groups from divided neighbourhoods.

Match-funding for this element of the PEACE IV Programme has been provided by the Executive Office in Northern Ireland and the Department of Housing, Planning, Community and Local Government in Ireland.

An announcement of the total funding offered to all local authorities across Northern Ireland and the Border Region of Ireland was recently endorsed by Ministers from both of these match-funding Government Departments.

Welcoming the funding Chairperson of Fermanagh and Omagh District Council, Councillor Mary Garrity said: **“The Council welcomes the announcement of the significant funding to be made available under the European Union’s PEACE IV Programme to promote positive relations between people from different backgrounds and communities and to celebrate cultural diversity within the district. The Council, working in partnership with the local PEACE IV Partnership, looks forward to delivering the PEACE IV Action Plan for the district which was informed by our residents following an extensive consultation programme last year.**

“The Action Plan will create opportunities to promote positive relationships at a local level through programmes for adults, children and young people and the creation of shared spaces in the district. I would like to congratulate all those involved in helping us to get to this stage of the process and I look forward to seeing the roll out of the Programme in the district over the coming months,” he continued.

Commenting on the funding offer Gina McIntyre, CEO of the Special EU Programmes Body (SEUPB), which manages the PEACE IV Programme, said: **“Local authority-led partnership played a key role within the previous PEACE Programme, in terms of ensuring that money was distributed at a local level, where it could make the most impact. As such they will play a similar role under the new PEACE IV Programme for the Fermanagh and Omagh District Council area.**

“Representing the public, private and community sectors this partnership is ideally placed to ensure that EU funding is invested within community-based projects that will make real and lasting change,” she continued.
